

**Good Samaritan Fund Impact in Haiti in response to magnitude 7.2 earthquake in August, 2021.
Thanks for your support through World Concern.**

Through your generosity, in October of 2021, ECC gave World Concern \$10,000 from the Good Samaritan Fund for earthquake relief and rebuilding efforts in Haiti. This was in response to the magnitude 7.2 earthquake that struck Haiti on August 14th, 2021. World Concern and other agencies immediately responded with their relief efforts. Specifically, World Concern's relief efforts included providing food, clean water, emergency supplies, medical supplies, and help in the rebuilding of homes. Please see below a letter of thanks from Jonathan Sharpe, Phd., Director of Church Mobilization, World Concern. Please especially note the two video link attachments.

April 2022 Letter of Thanks to ECC from Jonathan Sharpe

Letter of thanks:

Hi Yvonne, *(Yvonne Mark, ECC Care Ministry Committee member)*

I wanted to share a quick update and video with you (attached) about our work together in Haiti, where building supplies are starting to arrive in large quantities.

We are extremely grateful for ECC's support for the earthquake emergency-response. Cathy Herholdt, our communications director, just reported that:

"After months of roadblocks (literal and figurative), violence, and uncountable challenges in getting much-needed construction materials to the southern peninsula of Haiti (where the earthquake occurred), these construction materials are finally moving via water (small boats were all that were available) and being delivered to the communities hardest hit. The corrugated metal roofing material and plywood you see here (in the video) will be used to rehabilitate 850 homes that were damaged in the earthquake. Praise God for making a way! The team has promised to do their best, amidst the hard work ahead, to continue to send photos, video, and stories of families helped. I'll pass them along as they come in."

Thanks again for the amazing support for our brothers and sisters in need in Haiti.

Please let me know if you have any questions!

Blessings,

**Jonathan Sharpe, PhD
Director of Church Mobilization, World Concern**
